I am the Residency Program Director for the University of Louisville Division of Dermatology.

ACGME in a nutshell...

- 865 ACGME-accredited Sponsoring Institutions
- 12,092 ACGME-accredited programs
- 144,988 residents and fellows in ACGME-accredited programs

Review Committee Team

Eileen Anthony

Executive Director

312.755.5047; eanthony@acgme.org

Sandra Benitez

Associate Executive Director

312.755.5035; sbenitez@acgme.org

Betty Cervantes

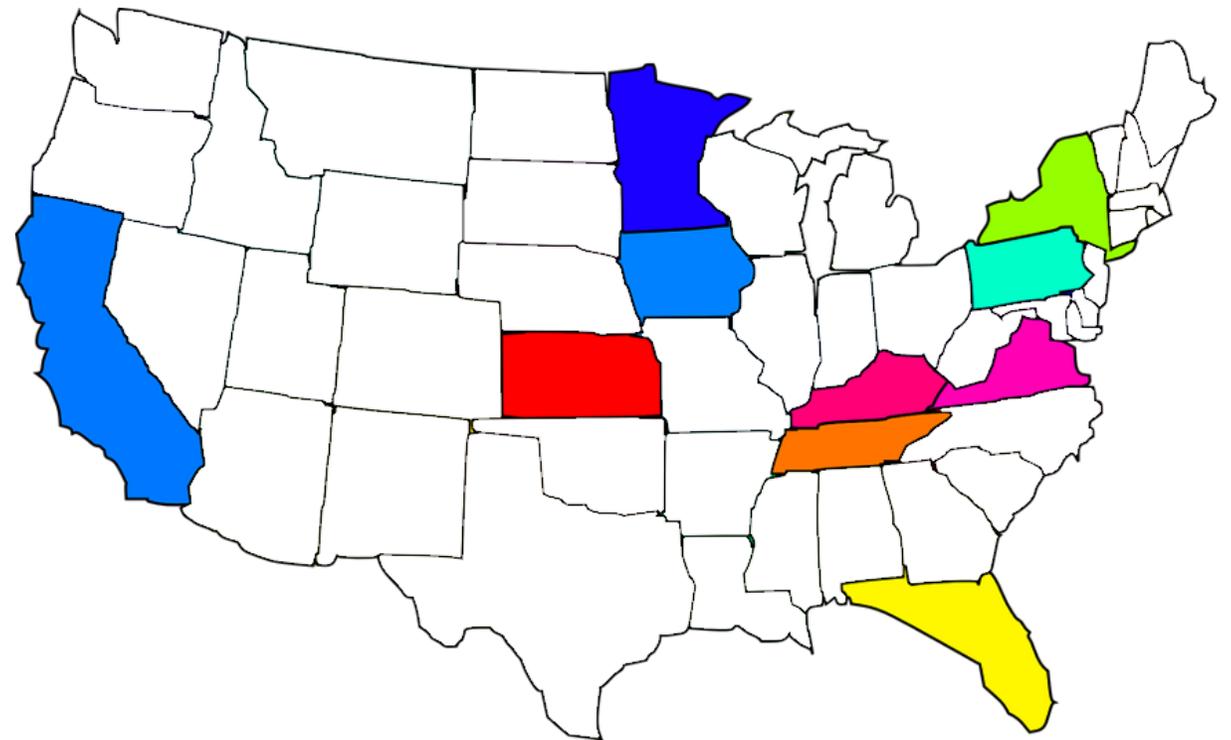

Accreditation Administrator

312.755.7470; brc@acgme.org

Review Committee Composition

- Three nominating organizations: American Board of Dermatology (ABD), American Medical Association (AMA) and American Osteopathic Association (AOA)
- One public member
- 11 voting members
- Ex-officio member from ABD (non-voting)
- Six-year terms (except for resident member who serves two years)
 - *Program Directors, Chairs, Faculty Members, Resident and Public Representation*

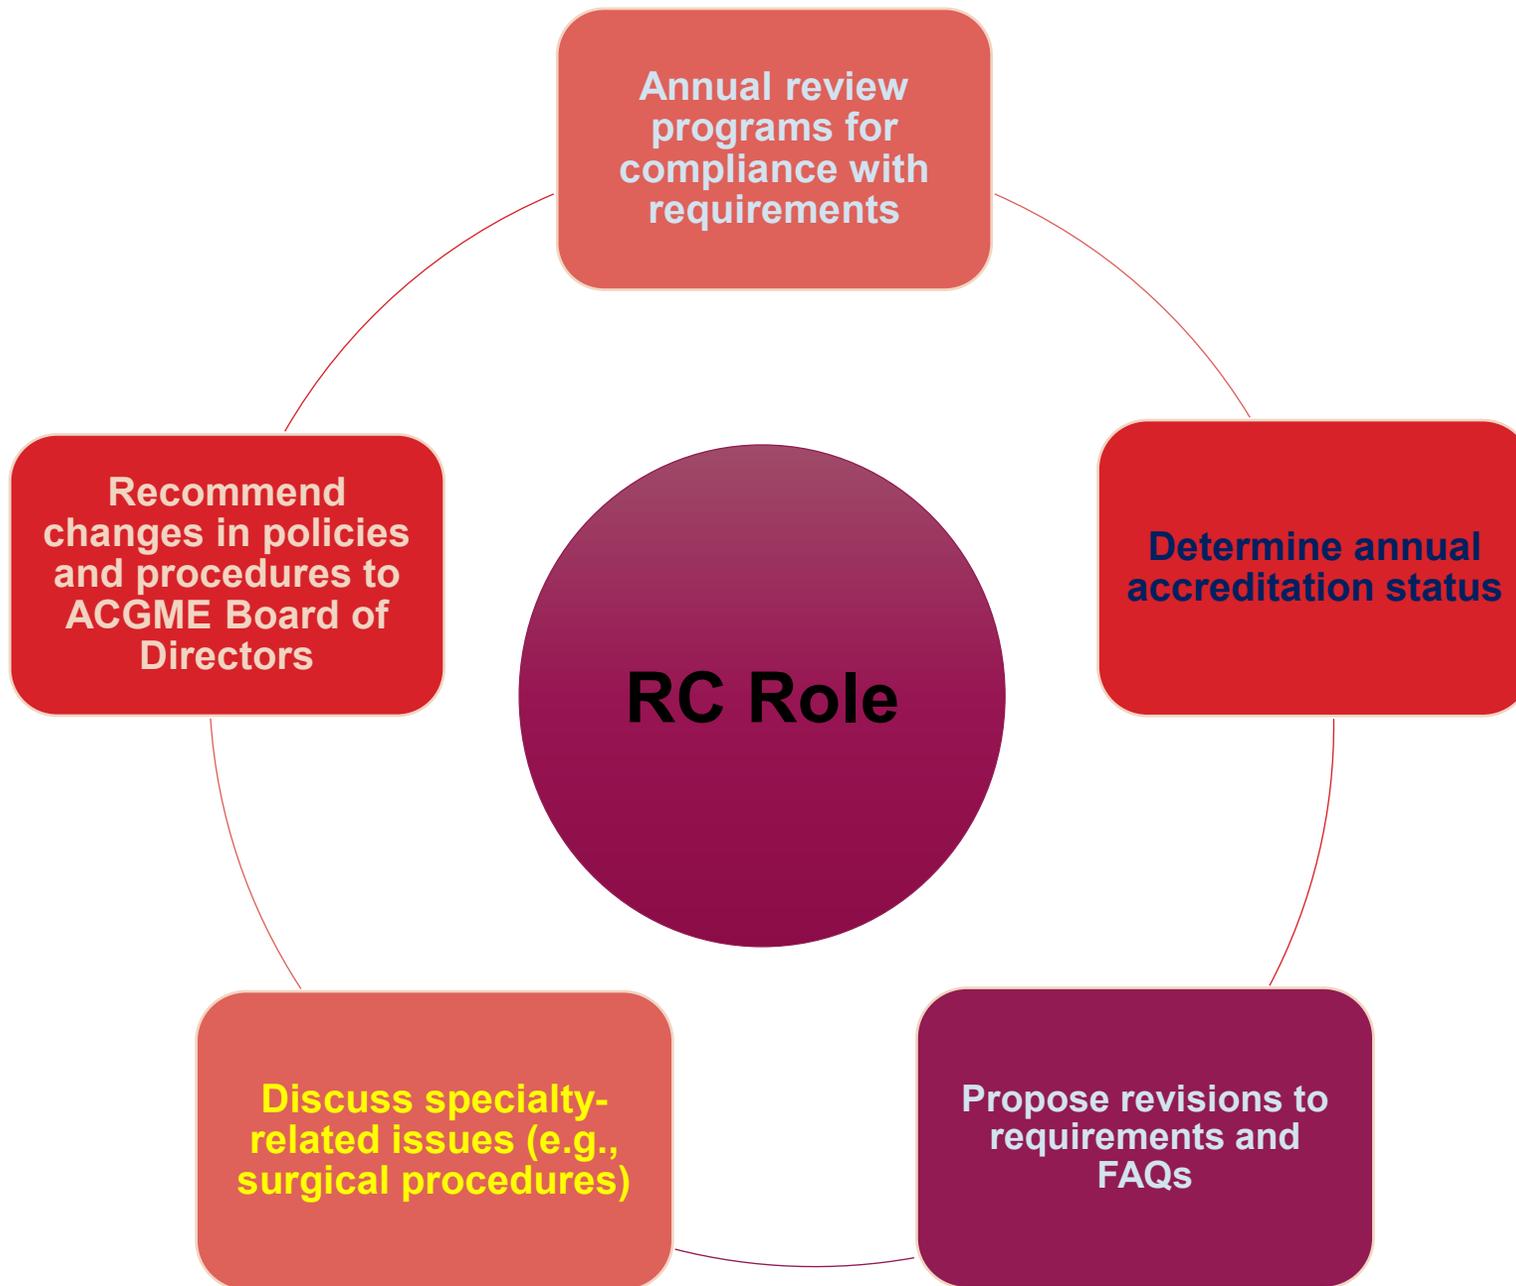

Geographic Distribution

Review Committee Members

- Nathan Bowers, MD, PhD (*Resident*)
 - Tammy Ferringer, MD
 - Hillary Johnson-Jahangir, MD
 - Karthik Krishnamurthy, DO
 - Moise Levy, MD (ABD)
 - Janiene Luke, MD (AMA)
 - Desiree Ratner, MD, *Chair*
 - Courtney Schadt, MD, *Vice-Chair*
 - Mary Theobald, MBA (*Public*)
 - Carilyn Wieland, MD
 - Teresa Wright, MD
 - *Randall Roenigk, MD, ABD Ex-officio*
- Incoming members July 1, 2023:**
- *Kenneth Korber (Public)*
 - *Allison Miller, MD (Resident)*
 - *Karolyn Wanat, MD (ABD)*
 - *Felicia Tate-Johnson (AOA Ex-officio)*

- Physicians within specialty
- Resident within specialty
- Public member
- Ex-officio members

Review Committee Meetings

Annual Data Review (January)

- Annual Accreditation Decisions
- Permanent Increases
- Applications

Annual Data Review (April)

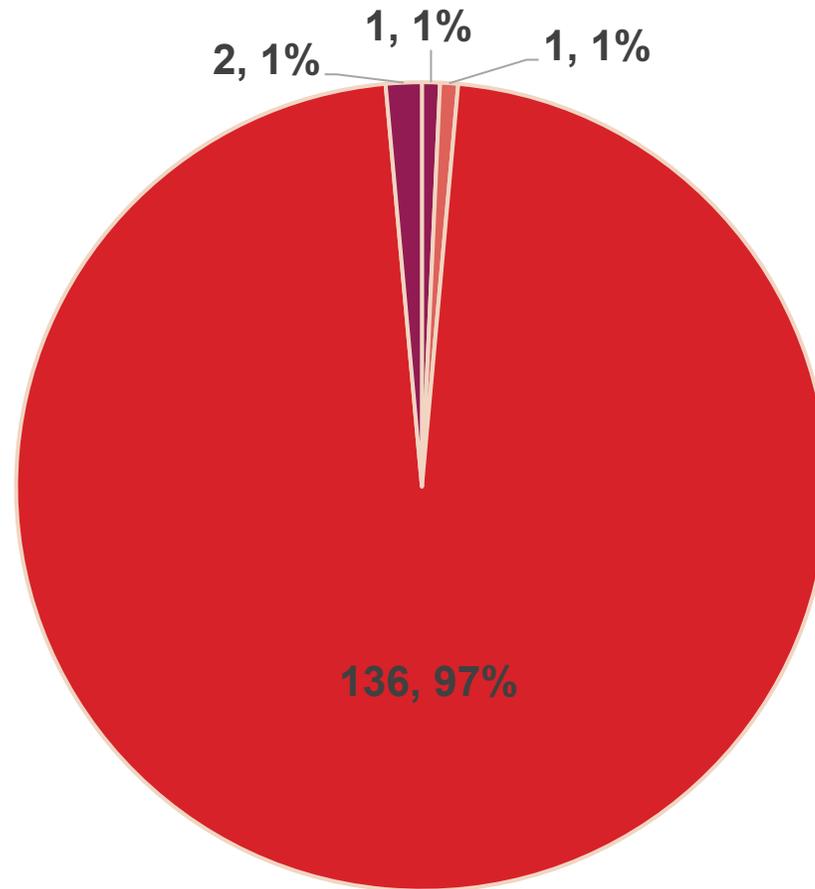

- Annual Accreditation Decisions, Cont.
- Site Visit follow-up
- Applications
- 'Other' Business

Additional Meetings, as Needed

- Program Requirement Revisions
- FAQs
- 'Other' Business

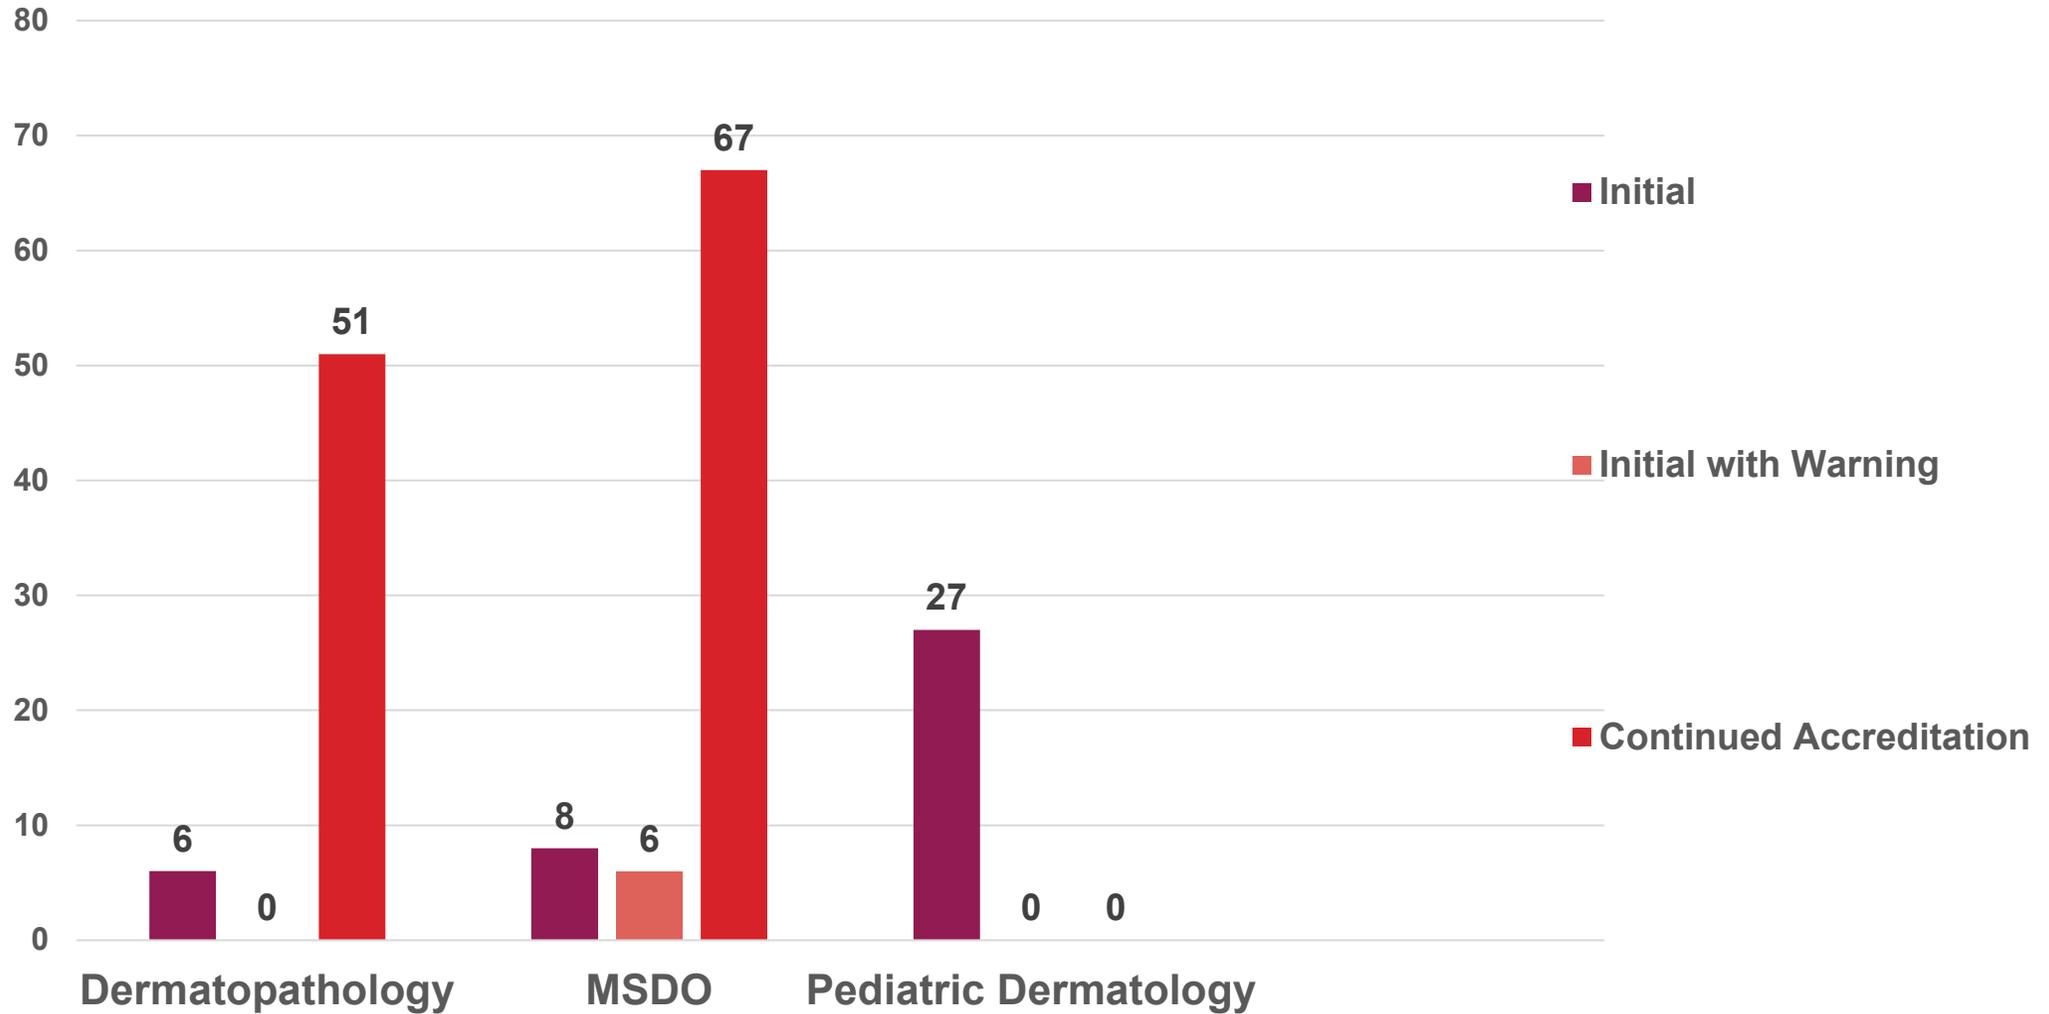

2023 Accreditation Statuses (Core)

■ Initial ■ Initial with Warning ■ Continued Accreditation ■ Continued with Warning ■ Probation

2023 Accreditation Statuses (Fellowships)

Most Common Citations (as of January 2023)

Responsibility of the Program Director

- Accurate/complete information to Committee - **ADS**
- Educational and Working Environment – **Resident Survey**
 - Residents may speak without fear of retribution or retaliation

Patient Care Experiences

- The clinical experience must include consultations, inpatient rounds, dermatologic surgery, dermatopathology, pediatric dermatology, and other dermatology-related subspecialty experiences. – **ADS/Application**

Faculty Scholarship

- The program must demonstrate evidence – **ADS/Application**

REMINDER... Temp v. Perm Increase Guidelines

TEMPORARY

- Designed to temporarily extend the program for current residents who may need to finish off cycle. Used for extenuating circumstances/need to extend education and training (*e.g., medical leave, remediation, etc.*).
- Administratively reviewed by the RC Executive Director IF request is 3 months or less. Beyond 3 months are reviewed by the Committee on a rolling basis throughout the year.
- Temporary increases should not be multi-year requests or submitted with intent to annually renew.

PERMANENT

- Designed to expand the total resident complement in an ongoing manner to a higher total than approved (*as published in ADS*).
- Candidates should not be matched prior to approval by Committee.
- Must be reviewed at either the January or April RC-D meetings, in conjunction with the program's full annual accreditation review (*check website for deadlines*).
- Program must be in good standing (*e.g., CA status, no citations on case logs or Resident Survey issues, concerns with educational and working environment, etc.*).
- Must include educational rationale, beyond funding opportunity.

Dermatopathology Requirements 10-year Major Revisions - Timeline

- March 2022 - Engagement of Dermatopathology community at spring meetings.
- April 2022 - Initial 30-day comment period to current set of PRs.
- May – August 2022 - Subcommittee of RC-Dermatology and RC-Pathology Dermatopathologists reviewed and developed draft based upon feedback.
- September - November 2022 – RCs for Derm and Path review/approval.
- February 2023 – 45-day public review and comment.
- June 2023 – ACGME Board of Director's review.
- Proposed effective date of **July 1, 2024**

Speaking of Scholarship...

IV.D.2. Faculty Scholarly Activity

IV.D.2.a) Among their scholarly activity, programs must demonstrate accomplishments in at least three of the following domains: (Core)

- Research in basic science, education, translational science, patient care, or population health
- Peer-reviewed grants
- Quality improvement and/or patient safety initiatives
- Systematic reviews, meta-analyses, review articles, chapters in medical textbooks, or case reports
- Creation of curricula, evaluation tools, didactic educational activities, or electronic educational materials
- Contribution to professional committees, educational organizations, or editorial boards
- Innovations in education

IV.D.2.b) The program must demonstrate dissemination of scholarly activity within and external to the program by the following methods:

IV.D.2.b).(1) faculty participation in grand rounds, posters, workshops, quality improvement presentations, podium presentations, grant leadership, non-peer reviewed print/electronic resources, articles or publications, book chapters, textbooks, webinars, service on professional committees, or serving as a journal reviewer, journal editorial board member, or editor; (Outcome)

IV.D.2.b).(2) peer-reviewed publication. (Outcome)

ADS Faculty Roster Instructions

- The Dermatology Review Committee expects to see listed on the faculty roster **only those faculty that serve in key teaching or administrative roles with the program**, including those who supervise residents in clinic or substantively teach in conferences. Faculty that spend minimal time teaching residents in clinics or conferences (i.e., rare contact) should not be included, even if they members of the department faculty.

The faculty to be included in the ACGME dermatology faculty roster should include:

- All members of the dermatology residency clinical competency committee
- All faculty members of the dermatology residency program evaluation committee
- The director of dermatopathology education for the residency program
- The director of dermatologic surgery education for the residency program
- Faculty members who are the key clinical teachers of general dermatology
- Faculty members who are the key clinical teachers of pediatric dermatology
- Note that each faculty member should only be listed once, even if serving multiple roles, that **ALL faculty listed will be required to report scholarly activity, and that only core faculty will be required to take the annual Faculty Survey.**

NEW: Specialty-specific Resident Survey Questions

2021-2022 ACGME Resident/Fellow Survey - page 6

Survey taken: February 2022 - April 2022

Residents Surveyed 7

Dermatology

Residents Responded 7

Specialty Specific Questions

Response Rate 100%

	Not at all prepared	Slightly prepared	Moderately prepared	Quite prepared	Very prepared
How well is your program preparing you to manage immunosuppressive/ immunomodulatory therapy for patients who need them?	14.3%	0.0%	0.0%	28.6%	57.1%
How well is your program preparing you to evaluate and manage pediatric patients of all ages, including pediatric patients with complex diseases and performing biopsies on children?	14.3%	0.0%	14.3%	42.9%	28.6%

	Not at all sufficient	Slightly sufficient	Moderately sufficient	Quite sufficient	Very sufficient
How sufficient is resident involvement in a dermatopathology faculty-run sign-out setting throughout training?	42.9%	0.0%	14.3%	42.9%	0.0%
How sufficient is resident exposure to glass and/or scanned dermatopathology specimens from the full spectrum of dermatologic disease?	42.9%	0.0%	28.6%	14.3%	14.3%

	Not at all	A little	A moderate amount	Quite a bit	A lot
To what extent does your amount of training site travel negatively impact your well-being?	57.1%	14.3%	0.0%	0.0%	28.6%
