# Responding to Citations

---

- In reviewing responses to citations, the Review Committee considers:
  - Does the program **understand the problem**/reason they are not in compliance?
  - Is there an explicit statement of how the program engaged the faculty/residents/fellows/institution in the **identification of the problem(s)** and creation of an action plan?
  - Are there **actionable items** implemented by the program and/or institution that directly addressed the program requirement(s) out of compliance?
  - Is there an explicit identification of how the program will **monitor and sustain improvement**?
- Citation responses are taken into consideration, along with supporting materials (most recent resident and faculty surveys, updated program information, performance metrics, case logs, etc.)

# Major Changes and Other Updates

- Use Major Changes and Other Updates to communicate directly to the RC
- *Low ACGME Survey ratings? Missed minimums? Worse than expected performance on the Board exam?* Tell the RC how the issue is being addressed!
- **TIP:** Keep a running document during the year of program highlights, changes, and challenges

Joint Plastic  
Surgery –  
Hand  
Surgery  
5 +1

### **Joint Plastic Surgery Hand Surgery (JPSHS) 5+1 Program**

The Review Committee for Plastic Surgery will consider proposals from Integrated Plastic Surgery Programs for the Joint Plastic Surgery/Hand Surgery (JPSHS) program. The JPSHS program is an accelerated pathway leading to ABPS certification in both Plastic Surgery and Hand Surgery. Completion of this pathway includes attainment of all requirements for both the plastic surgery residency training and hand surgery fellowship training, at the same institution. Plastic Surgery residents will be required to complete 72 months of training to be eligible for ABPS certification, however, the 12 months of Hand Fellowship training is permitted to be counted for both certification in Plastic Surgery and Hand Surgery. The JPSHS pathway allows for flexibility in plastic surgery residency training to accelerate qualified individuals into hand surgery specialization. Individuals selected to participate in JPSHS program must demonstrate completion of program requirements as outlined in the curricular requirements below. Institutions who have an approved JPSHS program, may matriculate residents effective July 1, 2023, or on July 1 of the academic year following program approval.

# New “Uploads” Tab in ADS

The screenshot shows the ADS interface with the 'Uploads' tab selected in the top navigation bar. The main content area is divided into three sections: 'Instructions', 'Site Visit Uploads', and 'Program Letters of Agreement'. The 'Instructions' section contains a list of steps for uploading files. The 'Site Visit Uploads' section shows the most recent site visit date and a message about upcoming uploads. The 'Program Letters of Agreement' section is currently empty.

**Instructions** ▾

- Click “**Select a file to upload**” and select the file from your computer.
- After you have chosen the file, click the “**Upload**” button.
- To reduce file size:
  - Open the PDF file on your computer and select the “File” menu.
  - Find the “Save As Other” option and choose “Reduced Size PDF”.

**Site Visit Uploads** ▾  
Most recent Site Visit Date: 2/14/2019 - Accreditation  
No uploads due until next scheduled site visit.

**Program Letters of Agreement** ▾

documents  
requested by the  
ACGME

# Site Visits/Self- Study

Combination of Virtual and In-person

There will be a new mechanism for visiting programs that have not had a data prompted site visit for a prolonged period of time

What should programs do for now?

Continue to conduct and document high quality annual program evaluations.

# Common Program Requirements

Revised **Common** Program Requirements (CPRs) in effect July 1, **2023**

Number of CPRs reduced

Programs can soon review revisions on website under “Future Effective Date”

TIP: Use tracked changes copy

A few revisions may impact programs, e.g., annual program evaluation requirements significantly reduced
